

96 TIPS PER RACK

White Box Universal Pipette Tips in Hinged Racks

White Box universal pipette tips are available in a 2014 newly released tip rack. The hinged lid and front latch support single-handed operation during critical pipetting procedures. Each rack features inkjet inscription of volume and product lot number for excellent traceability down to the raw material level. To support broad research applications, the racked universal pipette tips are available in a number of options, including non-sterile and pre-sterile, natural polypropylene and low-retention polypropylene, and both non-filtered and filtered versions.

As with all products in the White Box line, universal pipette tips are produced in an ISO 9001-2008 certified facility and each lot of product undergoes rigorous QC inspection, including laboratory analysis to certify against the presence of RNase, DNase, Endotoxin (pyrogens), Nucleic Acids and PCR inhibitors. White Box universal pipette tips are designed to be compatible with most of the industry's leading pipettor brands. To download the pipette tip compatibility chart, please visit neptunescientific.com/services/whitebox.

A BUILDING BLOCK FOR YOUR BRANDED PORTFOLIO...

Interested in offering liquid handling products under your own corporate brand, but lacking the volume necessary for private label? Our White Box portfolio is the perfect solution.

Ideal for supplementing assay kits or expanding your product line into new market segments, White Box products are a cost effective solution and include the most widely used laboratory consumables required in life science and clinical research.

Manufactured under stringent controls and of the highest quality, products in the White Box line are packaged and shipped in discrete white boxes, ready for you to customize with your own branded labels.

Commercial Benefits of the White Box Product Line include:

- Sold in case quantities
- No purchasing minimums
- Maintained as standard inventoried items
- Reduced lead time
- High quality unit boxes and packaging

WHITE BOX AVAILABLE PRODUCTS

**Universal
Pipette Tips**

**Pipette Tip
Reload System**

**Disposable
Reagent Reservoirs**

Ordering and Technical Information:

White Box products are supported by a dedicated team of professionals with over 25 years of industry experience. Please call or email Customer Service to place an order or submit technical questions.
